My New Favorite Drama

by Erena Amano

My new favorite TV drama is Hiyokko, and you can watch it now on NHK. The story is about a girl named Mineko who is kind and has a warm heart. One day, she decided to work in Tokyo with her friends because she wanted to help her family. In Tokyo, she meets new people, falls in love, and overcomes many challenges. This makes her grow as a person. The story is very moving to me. Why don't you give it a try?

MusicStation's New Ultra Auditions

by Ann Kato

MusicStation is a popular TV program. A new segment of their program is called MusicStation Ultra Auditions. They hold auditions, and those auditions appear on TV. My favorite idol group entered this audition. The group is called "MeseMoa." MeseMoa advanced to the semi-final round, but in the end they were defeated. I was frustrated, but I want to work hard like MeseMoa in the future.

Tackey & Tsubasa is a popular Japanese idol group. Their songs are very cool. For example, "Venus" and "Yumemonogatari." But they are currently on a hiatus. This new news is very sad. We hope for their resurrection.

So, I want to hear new concrete proposals about what to do in these kinds of emergency situations.
